

Hector Vara

My name is Hector Vara. I'm a veteran of the United States Navy. Now retired, I've worked as an engineering technician for the Federal Aviation Administration, an electrician (International Brotherhood of Electrical Workers), and for the V.A. Hospital in Loma Linda.

I'm involved with three local Democratic Clubs and volunteered regularly to Get Out the Vote. I canvassed and phone banked for our Democratic candidates Marge Doyle, DeniAntoinette Mazingo, Abigail Medina, and James Ramos.

I am proud to support the California Democratic Party platform. As a father, grandfather, and spouse of 45 years, the issues that are of particular importance to me are climate change, single-payer health insurance, immigration policy, and education.

It would be my honor to represent the San Bernardino County portions of this Assembly District, and I thank you for your support.
